- Commenced in developing a website for displaying personal details.

## Profile

Dedicated and enthusiastic student eager to contribute to team success through hard work, attention to detail, and excellent organizational skills. Have fundamental knowledge of web development and special interest in designing, video editing, and UI/UX. Seeking to utilize broad educational background with excellent analytical, technical and programming skills to thrive as an entry-level intern.

## Work Experience

### CONTENT (TECHNICAL) WRITER

#### GDSC (GOOGLE DEVELOPER STUDENT CLUB)

- Deployed excellent written communication skills by content writing, writing blogs, threads for Twitter and captions for the society.
- Handled the social media platform of the society.
- Collaborated with seniors who helped me in and out to explore new fields of technology.

#### KIIT DIGITAL MEDIA

- Currently working as an intern in the KIIT Digital media, the official social media of KIIT University. Learning, experiencing, exploring and expanding my knowledge with amazing seniors and admins.

### GRAPHIC DESIGNING

- Made brochure for the interschool event in which more than 20 schools participated.
- Led the designing team in delivering of the project, used coordination and planning skills to achieve the results and successful completion.

### VIDEO EDITOR

#### GDSC (GOOGLE DEVELOPER STUDENT CLUB), Interschool events

- Working as a video editor in GDSC KIIT since November 2021. Developed and managed storyboards, post production editings and final delivery formats.
- Edited couple of videos for the society which are available in social media platforms.
- Assembled various amounts of footage into seamless end product.

### MARKETING AND MANAGEMENT

- Hosted a hackathon organized by GDSC in partnership with Devfolio to encourage tech enthusiasts.
- Facilitated and inspired students to take part in coding events by spreading awareness about the event. Demonstrated marketing skills and strategies.
- Headed and managed the socials of GDSC, and Startup Grind, and focused on increasing social media engagement.
- Organized 'Women in Tech' in the university with the main aim behind this initiative to increase the participation of women in the tech industry and to encourage women around the university to take part in coding events.
- Encouraged students around the university by organizing interactive events for networking with alumni of university and seniors to get for exposure for corporate world.
